To Whom It May Concern:

Sheila Eisert is always the first name I give when asked by clients or colleagues for a Mortgage Broker referral. I first met Sheila when she worked with the Buyer on a house I had listed. Sheila impressed me so much that I started sending all of my clients to her.

In the years that I have worked with Sheila, she has proven to be just as capable and knowledgeable as the first time I worked with her. I trust Sheila's opinion and expertise and more importantly, I trust her with my clients.

If Sheila says she can get the job done, I know she will. Without reservation, I highly recommend Sheila for any position where her skills and expertise as a Mortgage Broker may be utilized.

She is an invaluable member of my "team" and I know she will be for yours as well.

Kind Regards,
